“ The enormity of this loss isn't something I'm even able to understand. I wish your family strength to celebrate your son's life and make it through the grieving process. I live in Florida and have a toddler so I won't be able to attend his service on Monday but I wanted to reach out and least tell you that you got something so very right with Christopher. He was a truly kind and thoughtful person...he was also respectful of women and despite whatever struggles he experienced he brought a playful and whip smart energy to the situation that you just don't see everyday. He had a vibrant mind and such a loving heart. He was truly one of a kind and I'm so very regretful that we've lost him too soon. I'm sorry... and so very grateful you gifted us with Christopher Ryan Sanders. You did good. He is missed

“ We are very sad to hear Chris passed away. He always made me laugh. I worked with him when he was 18 yrs. Old. We will miss him.
