“ I am sorry for your loss. At CSD, Marilyn had a twinkle in her eye whenever I entered her office. She had a good sense of humor amidst the piles of paperwork she was completing. She was knowledgeable and thorough in researching matters and always followed-up. She cared and made me happy. I pray that Marilyn is at peace and in a better place. She deserves the best. Hugs, Debbie Ayres

“ I enjoyed working with Marilyn the past 2 years at California School for the Deaf, and her sense of humor made each office visit very enjoyable. Her personality and willingness to help in every aspect showed the kind of person she was deep inside. She will be missed and I especially send my condolences to her entire family. My prayers and thoughts are with you all during this difficult time.

“ Marilyn's quirky sense of humor caught my ear when we first started working together. I shared many heart to heart discussions with her over the years, from parenting to life's ups & downs. She always had a sage story to relate with the appropriate moral. I'm so sad to learn she has left us way too young. She deserved many more years of happiness. Deepest condolences to her son, Humphrey, who she adored with every cell of her being, and family.

“ Marilyn and I both worked at Agnews but we didn't get to know each other well until I came to CSD in 2008. We got along very well from the moment I first interviewed for the job, probably because we both had Agnews in our history and talked about it often. She was a very knowledgeable person and a great boss to work for. I would go to her office to ask a quick question then we would start talking about many other things that I would leave her office a half hour or an hour later. Since she retired, we had kept in touch texting or calling each other and even got together for lunch a few times. I will miss her very much but will fondly remember all of our discussions. My heart goes out to Humphrey and her siblings, nieces, nephews and the rest of her family. My deepest condolences to all. Rest in Peace Marilyn. I love and miss you and will always think of you with a smile on my face. I will miss our texts and phone calls. You were a very charismatic person and could hold a conversation about anything and everything. I shall treasure all those memories.

“ Every once in awhile in life you meet someone like Marilyn with so much personality they paint life with vivid colors.

She could sit very still and quiet and yet say so much!, with her eyes.

I will remember always:

Her compassion

Her wit

Her charm
